“...a fascinating talk at our library for beginners to the field of genealogy...”

Diana Wilson, Victoria Park

“You really inspired our patrons to take some more steps in their genealogical journey with lots of great advice.”

Linda Papa, Subiaco

TALKS AND DEMOS

...insights into family history

Stepping Stones to the Past

(1 hour talk/presentation)
\$200, up to 100 people

A beginner's talk/presentation aimed at building awareness and getting started on your family history.

Exploring [Ancestry.com](http://www.ancestry.com) OR findmypast.com OR familysearch.org

(1 hr demo each website)
\$200, up to 100 people

A presentation/demo of any **ONE** of www.ancestry.com (library edition), www.findmypast.co.uk OR www.familysearch.org showing how to navigate the website, what's included, how to find useful databases and successful search strategies.

Finding your UK ancestors on the internet

(3 hr demo/workshop)
\$600, maximum 30 people (class), 100 (room)

A comprehensive overview and case history approach to UK research, using the internet in demo/presentation mode. This intensive session covers English, Scottish and Irish research ranging from getting in touch with others, BDM indexes, census records and parish records. Handouts included. Accommodation: class-room or meeting room style.

Finding your Australasian ancestors on the internet

(3 hr demo/workshop)
\$600, maximum 30 people (class), 100 (room)

A comprehensive overview of Australian/New Zealand research, using the internet in demo/presentation mode. This intensive session ranges across each state and NZ, looking at vital records, evidence of existence and migration records. Handouts included. Accommodation: class-room or meeting room.

Telling your story - the book

(1 hr talk/presentation)
\$200, up to 100 people

A talk/presentation to help you start to write the family history book. Talk covers: how to get started; making it interesting; social history: putting 'flesh on the bones'; story structure; some of the technicalities (format, layout, images etc); publishing.

Telling your story - the DVD documentary

(1 hr talk/presentation)
\$200, up to 100 people

A talk/presentation about producing a DVD documentary. Talk covers: what's involved; how to get started; pre-production (narrative, script, format, images); filming; post-production (editing, rough cut, final cut); video examples.

Tracing your Past

(Skills building course of 6 weekly modules)
\$1800, maximum 20 people

A comprehensive **6-week course** on Practical Skills in Genealogy and Family History. The course consists of six 90-minute modules that build upon each other to develop skills in genealogy and family history research. Course objectives:

- how to go about research
- where to find records
- how to interpret what you find
- telling your story

Designed on 'action learning' principles, course participants are presented with information and materials each week and are asked to carry out some research at home to bring along for discussion and comment at a tutorial during the next session. Thus they practice what they learn over the course period. Accommodation: class-room or meeting room with tables or desks. Materials: Each participant receives a comprehensive manual which can be co-branded with the local council logo.

We supply...

Computer, projector, handouts, materials for courses, expertise and knowledge.

We need...

Internet connection screen, audience, room.
